CAREER SUMMARY:

A motivated Bachelor of Technology student specializing in Computer Science and Engineering, with a strong foundation in full-stack web development and cloud services. Proven ability to build responsive web applications using modern technologies like React, Node.js, and MongoDB. Eager to apply technical skills and a passion for problem-solving to contribute to innovative software projects.

WORK EXPERIENCE:

iOS Development

iOS Developer | July 2025 - Continued

- Developed iOS applications using Swift and Xcode, building user interfaces with SwiftUI and UIKit.
- Implemented MVC and MVVM architectures to structure code, cleanly separating logic, data, and networking concerns.
- Conducted thorough testing using iOS simulators and physical devices to ensure reliability before App Store deployment.
- Engineered and deployed robust iOS applications using Swift and modern architectures.

RELEVANT PROJECTS:

Zerodha Trading Platform Clone

- Developed a Zerodha Trading Platform clone by building a full-stack application with the MERN stack (MongoDB, Express.js, React, Node.js).
- Engineered key UI components—including a navigation bar, landing page, and pricing section—to create a fully functional, responsive, and cross-browser compatible user interface.
- Established a robust back-end with Node.js and Express, managing data persistence and application logic with MongoDB.
- Full-stack developer who built a Zerodha clone using the MERN stack for front-end and back-end.

EDUCATION:

2024 - 2028 | Parul University

Bachelor of Technology in Computer Science Engineering
Vadodara, Gujarat

SKILLS:

- Front-end:- React.js, Javascript, HTML5, CSS3
- Mobile-App:- Swift, Storyboard, Swift UI
- Tools & Platform:- Git, Github, Firebase, VS Code, X Code,
- Soft Skills:- Teamwork & Collaboration, Problem-Solving, Communication
